

LIMITED PRODUCT WARRANTY

SOLARIA MODULES

This Limited Product Warranty covers the Solaria products (“Products”) purchased by you (“Customer”).

1. LIMITED WARRANTY:

(a) Solaria warrants that for a period of 5 years from the date of shipment, the Products will be free from defects in material and workmanship, under normal conditions and when used in accordance with its documentation. If during the warranty period, a defect is confirmed in accordance with Section 2 below, Solaria will, at its sole obligation and Customer’s exclusive remedy, repair or replace the warranted Product or parts thereof. Defective Products or parts may be replaced with either new or factory refurbished or remanufactured Products or parts.

(b) Solaria warrants that for a period of 12 years from the date of shipment, the power output of the Product will not fall below 90%, and for a period of 25 years from the date of shipment, the power output of the Product will not fall below 80%. If during the warranty period, the power output of the Product falls below the levels specified above, as a result of a Product defect that is confirmed in accordance with Section 2 below, Solaria will, as its sole obligation, elect to either

1. repair or replace the warranted Product or parts thereof, or
2. issue a credit to Customer equal to the depreciated value of the Product (using 25-year life) attributable to the deficient power output.

In the event of a Solaria product used in a large field – to be defined as larger than 500 panels unless otherwise agreed – the average power of an array of panels will be used to establish whether an individual panel must be replaced or credit given. For example if the average power value of an array is 91% after 9 years of operation but an individual panel is at 87%, the array power would be deemed acceptable and the individual panel in question would be replaced or credit given only at Solaria’s discretion.

2. WARRANTY CLAIM PROCESS:

To make a claim under this Limited Product Warranty, Customer should contact Solaria as follows:
